## China BEAMeeting

### BEAMeeting Beijing 2025

### Technical Workshop & Discussion

**Time:** Wednesday, April 02, 2025 9:30 – 12:00 (CST)

**Location:** 中国科学院半导体研究所 学术会议中心

**Organizers:** GenISys GmbH, 中国科学院半导体研究所

BEAMeetings are a technical exchange platform for the direct write community focused on e-Beam and laser lithography, data-preparation, PEC, process correction, lithography simulation, and metrology. It is a platform for BEAMER users and those who are interested in GenISys software.

As in the past, it is a great opportunity to meet with the GenISys team, have face to face in-depth discussions, exchange ideas and position your needs and wishes. On top of standard BEAMER/TRACER/LAB, this year we would like to emphasis ProSEM, our full metrology solution for the microscopy team of nano fabrication center.

We are looking forward to presenting you with an interesting and valuable workshop!

Thank you,  
The GenISys Team
